The interface shows a rule configuration window. The top toolbar includes icons for undo, redo, save, and other functions. The main configuration area contains a table with the following columns: Match, Attribute, Operator, Value, and Case. The first row of the table is populated with the following data:

Match	Attribute	Operator	Value	Case
<input type="checkbox"/> If	country	contains	United States	<input checked="" type="checkbox"/>
<input type="checkbox"/> Or				<input type="checkbox"/>
<input type="checkbox"/> Or				
<input type="checkbox"/> Or				
<input type="checkbox"/> Or				

The Rule Preview section (104) displays the following logic:

```

  If
  country contains 'United States'
  then
  redirect to 'us@exchange.SAPcom'
  using agent 'Info Outgoing Agent'
  
```
